

TC4 Earthquake Geotechnical Engineering Conference

POSTER GUIDELINE

- ✚ Posters will be displayed on 7.8 feet high by 3.3 feet wide (240 cm x 100 cm) board. The maximum size for poster is: 5 feet high by 3.1 feet wide (152-cm-high X 95-cm-wide).
- ✚ Posters should succinctly display the Objective, Design, Materials and Methods, Results and Conclusion. Lettering should be large enough to be viewed from 4 feet away.
- ✚ Please use regular poster paper. Tapes will be provided for holding poster materials on the poster board.
- ✚ You are required to be present at your poster to answer questions as much as possible.
- ✚ Please be advised that audio-visual equipment will not be allowed for poster presentations.
